

Bauder Fibre Protection Mat FSM 1100

Technical Data Sheet

Product description	Mechanically and thermally solidified fibre mixture of polyester and polypropylene reclaim
Application area	Protection layer for single-ply and bitumen waterproofing membranes
Article number	7450 1100

Characteristic	Unit	Value
Material		PES and PP regenerated fibre
Weight	g/m ²	1100
Thickness	mm	8
Pyramid compressive force	N	1023
Water storage	l/m ²	6
Packaging unit		Roll of 30 m ²
Measurements	m	2 x 15
